Our members are saying ...

"I have been exposed to a number of other organizations in my career, however NCPRIMA continues to be the one that I rely on most and I consider it to be the Premier Risk Management resource in NC for Public Risk Management Professionals."

- Ike Copeland, Fayetteville, Director of Risk Management

"I think one of the best benefits is having the list serve, where we can post questions and get great input and answers from the other members."

- Becky Martin, City of Durham, Claims Administrator

"NCPRIMA means an opportunity to meet and share war stories with a seasoned group of my peers who provide me some wonderful solutions to problems I thought were new and some of the very best training available to risk management professionals on a budget that my local entity can afford. THANK YOU NC PRIMA."

- Lynn Smith, Statesville, Assistant City Manager

"Being relatively new to risk management, I needed a source where I could go with questions that came from people who had a wealth of experience. NCPRIMA is that source. Everyone is willing to help out, whether it be on the listserve, quarterly meetings, or the annual meeting."

- Courtney Anderson, Forsyth County, Risk Management Analyst

**Recipient of the 2009 National PRIMA
Chapter Recognition Award**

Ray Wilson, NCPRIMA Chapter President, and Ike Copeland, past President, accepting the award at the National PRIMA conference held in Dallas, TX, for the Chapter's initiative in offering continuing education units to participants attending its seminars.
