

Greetings,

As President of the North Carolina Chapter of the Public Risk Managers Association (NCPRIMA), I would like to extend an invitation for you to become a member of the premier risk management and insurance organization to the eastern United States.

As a member of NCPRIMA you will have the opportunity to network with other professionals in the same field through our email list serve, quarterly meetings and the annual educational conference held in the fall. Most training sessions provide "Continuing Education Credits" through Prometic and the North Carolina Department of Insurance. Simply by being a member, attending the meetings and conference members are eligible to receive the required CEs for North Carolina insurance licenses.

In addition to the educational opportunities, members enjoy having the ability to communicate with other professionals and learn how others may be handling some current situation you may be experiencing. This communication tool is ranked as the most important benefit to membership by our members.

I hope you will consider becoming a member and making NCPRIMA your Risk Management and Insurance organization.

Respectfully,

*Ray Wilson*
